Complete Eye Care For Your Entire Family

"When I was told I must have cataract surgery, I did my homework and chose Dr. Matzkin. At all times he made me feel comfortable and at ease with what would be done during surgery. The surgery itself was fast and without any pain or after effects. I highly recommend Dr. Matzkin and his staff for implant surgery."

—Sharon O'Neal

PREMIUM INTRAOCULAR LENSES

Patients now have the option to choose Premium Intraocular Lenses (Premium IOLs). This exciting new development allows you to see well without glasses for both close-up and distance vision.

LASIK / PRK

LASIK is a very safe procedure for the right candidate and is very accurate. Millions of LASIK surgeries have safely been performed around the world. Dr. Matzkin has performed over 10,000 successful LASIK refractive procedures.

Meet Dr. Matzkin

ALLIED EYE'S CHIEF MEDICAL DIRECTOR

Dennis Matzkin, MD is a double board certified and fellowship trained ophthalmologist. He obtained his medical degree and completed training in South Africa. In the US, he underwent five years of advanced training, and completed his fellowship in neuro-ophthalmology at the Albert Einstein College of Medicine in New York. Dr. Matzkin has practiced ophthalmology in the Greater Atlanta area since 1995. He attracted referrals from eye doctors throughout the state, and is now the medical director of Allied Eye in Chattanooga, TN.

In Chattanooga, Dr. Matzkin is advancing the standard of care and implementing innovative new therapies for eye disease.

Dr. Matzkin has expertise in the latest microsurgical techniques. The Allied Eye team is known for their compassionate approach to patient care and sensitivity to our patients' individual needs.

He uses the latest technology and equipment to ensure that your eyes are fully evaluated before a diagnosis is made and treatment offered.

"I am forever grateful to Dr. Matzkin for restoring my vision to 20/20 now in both eyes! Throughout the entire process he was very patient and extremely accommodating with any questions or concerns I had."

— Rene Campbell
